## UPGRADE

## Proposed station layout Bacchus Marsh

The Ballarat Line Upgrade will deliver better train services and facilities for regional Victorians

### Have your say

As part of the Ballarat Line Upgrade we're upgrading Rockbank station and building additional platforms at Bacchus Marsh and Ballan stations.

Bacchus Marsh station will be upgraded to cater for the growing local community. The station precinct will be designed to respect the existing heritage buildings while improving the experience of commuters.

We want your feedback on the enhanced station layouts so we can understand what's important to local residents and commuters.

The upgraded Bacchus Marsh station will have improved access, better integration with buses, cars and pedestrians, improved security and lighting and improved landscaping in the area.

Works will include:

- Building a new platform
- Removal of the existing stabling yard
- Additional parking, bicycle hoops and drop-off zones on the south side of the station
- Improved layout of bus bays
- Construction of a new accessible pedestrian overpass linking the north and south platforms
- No significant changes to the existing station building

### How you can get involved

#### Information session

Come and meet our technical experts and have your say at the community information session:

Lerderderg Library, 215 Main Street  
Tuesday 5 September. Time: 5pm-8pm

#### Online survey

View the proposed layouts and provide your feedback by completing the survey on the Ballarat Line Upgrade website [ballaratlineupgrade.vic.gov.au](http://ballaratlineupgrade.vic.gov.au) by 11:59pm Sunday 10 September 2017. This survey should take 10-15 minutes to complete.

You can also send your feedback via email:

**BUILDING OUR FUTURE**

## Bacchus Marsh station – upgraded facilities

Concept only.

## What is the Ballarat Line Upgrade?

The Australian and Victorian governments are upgrading the Ballarat line to deliver more frequent and reliable trains for Melbourne’s outer western suburbs, Melton, Bacchus Marsh, Ballan and Ballarat.

The \$518 million upgrade will enable much needed extra services in the morning and afternoon peak, plus a train every 40 minutes off-peak for these growing communities.

Major construction will commence in late 2017 with a target completion date of late 2019.
